

Fig. 1

FIG. 1 is a perspective view of a container 20 having a mesh insert 22 at the bottom thereof. A small rectangular component 26 is shown at the top edge of the container. A side view of the container is shown in FIG. 2, and a cross-sectional view of the container is shown in FIG. 3. A dashed line in FIG. 3 indicates a hidden internal feature 30. A small rectangular component 28 is shown below the main body of the container. A circular feature 32 is located near the top of the container. The container is labeled 20, the mesh insert is labeled 22, the top edge component is labeled 26, the side view is labeled 24, the cross-sectional view is labeled 30, the bottom component is labeled 28, and the circular feature is labeled 32.
